PREFACE

This index to *Cuneiform Texts*, Parts 1-50, by Mr. C.B.F. Walker, Assistant Keeper in the Department, replaces with an entirely fresh work and further extends the indices previously published with *Cuneiform Texts*, Parts 25 and 35. The opportunity has been taken to list all fragments of tablets that have since publication been joined to tablets published in *Cuneiform Texts*, Parts 1-50, together with references to the publication of the newly joined fragments where appropriate. The record of joins is complete as at 31st May 1973.

Wherever possible, both the catalogue (BM) number and the registration number of a tablet have been given, so that students may be able to form a better idea than formerly of the nature of the collections to which these tablets belong.

Where a tablet has been assigned more than one catalogue number it is entered under the number at present in use, the earlier number being added, in brackets, to the entry and a cross-reference being given under the earlier number.

In the reprint of *Cuneiform Texts*, Part 3, a number of plates were inadvertently printed in an order different from that in the first edition. In this index both plate numbers are given, the earlier number being bracketed.
